

Come reperire dati (Google Form o Module)

- » Sistema che permette di creare in modo semplici dei sondaggi e di elaborare poi i dati acquisiti
- » Non è l'unico sistema gratuito. Ne esistono molti (ad es. surveymonkey o qualtrics)
- » Pro: E' molto semplice da usare
- » Contro: Richiede un account google

- » Link: <https://www.google.it/intl/it/forms/about/>
- » Andate su "Vai a Moduli Google" e se non avete un account google createne uno al momento per poter utilizzare lo strumento (non usate le password che usate anche per i vostri account personali).

The screenshot displays a form creation interface with a purple header. At the top, there are two tabs: "QUESTIONS" (active) and "RESPONSES". The main area is titled "Untitled form" and contains a "Form description" field with the text: "This form is automatically collecting email addresses for Università degli Studi di Tor". Below the description is a "More options" menu (three dots). The "Untitled Question" section shows a radio button for "Option 1" and a radio button for "Add option or [ADD "OTHER"](#)".

On the right side, a dropdown menu is open, listing various question types:

- Short answer
- Paragraph
- Multiple choice** (selected)
- Checkboxes
- Drop-down
- File upload
- Linear scale
- Multiple-choice grid
- Tick box grid
- Date
- Time

At the bottom right, there is a vertical toolbar with icons for adding a new question (+), text formatting (Tt), image upload, video upload, and a menu icon (three horizontal lines).
